MOTHER IN ISRAEL GOES TO REWARD

Mrs. Margaret B. Noland Peacefully
Falls To Sleep At Home Near
Union City Saturday.

On Saturday, February 8th, Mrs. Margaret B. Noland died at her home near Union City, in this county. She was born in Madison county, Kentucky, on October 23rd, 1830, and at the time of her death was in her 89th year. Death came as a result of a gradual decline incident to age. Apparently without pain or suffering she passed to her well earned eternal rest and future reward as the petals fall from the flower, or as the leaf is wafted by kindly wind from the tree after having given the full wealth of its luxuriance and beauty. Her last hours were spent for the most part in quiet and peaceful sleep, her face now and then radiant with a smile which appeared akin to that of innocent childhood, as, when sleeping, it seems to bear witness that in dreams it sees the angels passing.

She was one of ten children of Andrew Broadbuss and Grace Broadbuss, her mother's maiden name being Grace Askin. She was married at an early age to Capt. Nathan Noland, of this county, who lived to be 72 years of age and died in 1890, and as result of her marriage there was born to her nine children, viz: Elbridge, John A., William, Mary E., James B., Green B., Albert Sidney, Jerry B., and George, of whom seven are living. Her daughter, Mary E., married Col. N. B. Deatherage. In addition to her seven surviving children she leaves 53 descendants, 25 grand children, and 28 great grand children, all of whom live in this county, with the exception of Margaret White and child of New York City, Hattie Broadbuss, and child of Muskogee, Oklahoma, Mary Lee Ogg and child of West Virginia, and Thos. G. Noland, of Long Beach, Cal.

Mrs. Noland was a consistent member of the old Baptist church at old Cane Spring, and her home for nearly three quarters of a century has been noted as a place of genuine christian hospitality and entertainment to her many friends and relations, and especially to the members of the famous old Cane Spring church.

Her life was one of active, energetic, unselfish, devoted thought and labor for others, and she always marked kindness and ability in the management of her household. Her servants loved, respected and were loyal to her. Her neighbors trusted and depended on her for every act of kindness, charity and assistance within her power to render. Her children loved her with that devoted love and affection born of her long, devoted, intelligent, tender love and watchful care for them, and her friends recognized her as a remarkable woman, possessing those rare qualities of mind and heart that endeared her to all who came under the influence of her truly christian character.

After funeral services at the home by Rev. Gilbert, of the Baptist church, she was buried today in the family burying ground beside her husband near the home where she had spent her long and useful life.

SCIENCE MAKES THEM DURABLE

So—These Soles Save
You Shoe Money

"I have been wearing my shoes with Neolin Soles nearly a year, and they are apparently in as good condition as when I bought them."—written August, 1918, by W. H. Cocke, Officer, A. E. F., France.

Only Neolin Soles could endure a test like this. That they do so is because of the tough durability built into them by a scientific process. To cut your shoe bills down, buy shoes with these long-wearing soles. They come in many styles for men, women, and children.

Remember—Neolin Soles are flexible and waterproof, too, and are available everywhere for re-soles. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Railroad Workers Favor Government Ownership

(By Associated Press)
Washington, Feb. 10.—The four great railroad brotherhoods favor some direct government agency, working not for profit, but to furnish transportation at cost, as their solution of railroad problems before Congress. A. B. Garretson, president of the Order of Railway Conductors, speaking for the four organizations, told the Senate Interstate Commerce Committee today. He said the heads of the other three brotherhoods were won over to government ownership of railroads by their experience under government operation and that all endorsed the principle of the plan presented by Glenn E. Plumb last week. They opposed any plan of the government guaranteeing any financial return to the railroads under private ownership but if liable for any deficit should participate in any profits.

Strikers Lose In Seattle.

Seattle, Feb. 10.—Conservative union labor leaders met today with the general strike committee in an effort to induce the committee to recommend that the general strike here be called off. At Tacoma, following the decision of the Central Labor Council last night, the strikers went back to work this morning.

Union delegates entertained little hope that the strike will be prolonged through the day. Desertions in the strikers' ranks came fast, teamsters, taxicab drivers, garbage collectors, four theatrical employes unions barbers and several other labor organizations voted to resume work this morning.

SCHOOLS CLOSED

Denver, Feb. 10.—Twenty-five of the 65 public schools closed her today after a strike of stationary engineers for increased salaries.

STILL STRIKING IN BUTTE

Butte, Feb. 10.—Soldiers continue to patrol the streets here where the miners have struck against wage decreases. No violence is reported. Pickets in army uniforms were told to remove their uniforms or cease their activities.

Fag End of Tobacco Season Seems At End

With the fag end of the season at hand, tobacco sales are growing lighter each day. The continued dry weather has prevented handling what little remains of the crop, and until there is some rain or dampness, tobacco sales are going to be very light. Top prices are still prevailing for any weed that has any claims to class.

Some good crops sold at the Home Warehouse the latter part of the week were as follows:

Coy and Coy sold 445 lbs. at 55c; 220 at 56c; 60 at 56c; 90 at 56c; 620 at 56c; 345 at 48c; 290 at 23½c; 155 at 17c; 265 at 17c; 40 at 16c.

Local Men's Royalty In Lee Looks Good Now

A syndicate of Richmond men, composed of George D. Simmons, Burton Roberts, Stone Norman and Will O. Mays, was made happy last week when news came from Lee county that the Pyramid Oil Company had brought in its first well on a 20-acre tract, of the Pendergrass farm and that the well has a capacity of 200 barrels of oil a day. These gentlemen hold a substantial royalty in this tract, and naturally are feeling good over their prospects.

J. S. Stanifer leaves this week for Lee county to look over some of his oil properties.

Within the next few days a number of wells are expected in Lee county. On the Hieronymus farm, Williams, Tomlinson and Company are in the sand at their initial test. The Local Oil and Gas Company and McCombs Producing and Refining Company will complete No. 7 Butcher, shortly. On the Sloan farm Taylor South and Hay expect No. 5 within a few days. No. four acre Ed Riley farm, adjoining the Preacher Mann, the Security Producing and Refining Company is due in next week with its No. 1 well. At the Millard Estes, the same parties are on the top of the sand. They have their other wells here pumping. The Ohio Oil Company expects to complete Nos. 27 and 22 Charles Evelyn soon. No. 28 made 250 barrels on the test. This company is also drilling Nos. 23 and 29.

In eastern Lee county along Hell Creek, the Atlantic Oil Producing Co. is down 250 feet at No. 4 and 500 feet at No. 5, Henry Shoemaker. They expect to drill in the latter part of next week.

On the Dan Pharley farm, No. 6 is drilling. This is the property of the Eastern Oil Company. Martin and others are drilling No. 3 Steve Frahley. Their first two wells are nice producers.

The Flesher Oil and Gas Company, recently organized with a capital stock of \$500,000, will drill twelve offset wells on the Eureka tract at once. No. 3 is down 300 feet and they are moving in four rigs to commence other wells.

The Southern Oil Company of Lee county has shot No. 3 Laura Lane, a second time and has a showing.

On the Hieronymus farm one half mile south of Airedale, a well is now being sunk.

On the Beattyville Mineral and Timber lease, the Trinity Oil and Gas Company and the Security Producing and Refining Company have connected their five wells and are running oil. They have four 250-barrel tanks here.

The Columbia Oil and Gas Company of Louisville, has just completed No. 5, E. S. Moore in the Radical district and this is said to be making a splendid showing. The well is reported to have flowed. This company is moving to No. 6.

One of the best wells that has recently been brought in in the Lee county field was reported Saturday by officials of the W. P. Williams Oil Corporation. This is their No. 3 well on the Pendergrass lease in the Big Sinking district, which is said to be good for 750 barrels. Only two tanks of 250 barrels each were available for use, and they were pumped full of oil in considerable less than 24 hours, according to the report.

Other good wells reported from Lee county Saturday were the following: Akers Oil Company, No. 17 Akers farm, 150 barrels.

Rex-Bundy and others, No. 11, Martha Reynolds lease, 200 barrels and flowing.

Hart and Bundy, No. 5, Millard Estes lease, 20 barrels.

Hoffman Oil Company, No. 14, Thomas Ayres tract, Estill county, 20 barrels.

HAVE COLOR IN CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion pallid—blossoms faded—appetite poor—you have a bad taste in your mouth—a lay, no good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—was prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no slumping, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil but are more pleasant to take.

Transact Important Matters Relative To County Schools

One of the most interesting and practical meetings of the County Educational Board was held January 30, at the office of County Superintendent B. F. Edwards to discuss work for the ensuing year.

All members of the Board being present except Mr. Wm. Hayden, the work was taken up in the following items:

Consolidation of Valley View and Miller schools, which is and has been badly needed for the past five years, was recommended by County Superintendent Edwards and a committee being appointed of the following, Mr. Edwards, W. R. Hayden and A. J. Million, to further the plans for this consolidation.

The next question was in regard to Green Oak school as to whether it should be repaired or a new building erected. A committee was named composed of B. F. Edwards, A. C. Daniels, Bales Wilson, to meet with patrons of Log Cabins school February 12th, to decide on plans for a new building and report their decision to the next Board meeting.

Mr. Edwards was asked to take up the question which, however, has already been decided upon by V. O. Gilbert, as to time lost on account of the epidemic. The question was whether the time from October 8th through November 15th, be given to teachers, the time from that date to be lost by the teachers where schools have been closed locally. However, Mr. Edwards would like to take up this question with teachers of this county to find their disposition of the matter before further consulting Mr. Gilbert.

Consolidation of Wallacetown and Estridge schools was recommended by the County Superintendent and Board and the erection of a colored high school near Berea, the first colored high school proposed for the county.

A recommendation was made by Superintendent Edwards that coal for the schools should be purchased in car load lots and in order to check extravagance for supplies all articles should come through the superintendent's office.

At this meeting the question of a County Supervisor for the year 1919 came up. Prof. J. B. Harris who has made such an efficient officer was retained at an increased salary, his work this year to begin only with the school term beginning July 1st.

And last but not least, the question of the teachers' salaries was considered. It was decided to increase the teachers' salaries to a wage living amount, which will be good news to the teachers as undoubtedly the salaries of the county teachers on whom rests such a heavy responsibility, should be paid in proportion to the duties they perform.—Contributed.

SAYS-MERITONE BROUGHT HIM AID AFTER FLU

Nashville Man Thanks New New Tonic for Improving Health After Influenza

J. W. Allen, 1607 Twenty-first avenue, North Nashville, employee of the Western Union Telegraph Company, says Meritone, the tonic of real merit, helped him to get back to health after he had had influenza.

"The influenza left me with a pretty bad cough," Mr. Allen said. "The color in my face was about gone, too. I didn't have any appetite. In fact, after working all day I wouldn't have any appetite and would almost have to force myself to eat."

"Meritone changed all this. I hadn't been taking Meritone more than a few days until the cough was all gone."

"I kept on taking Meritone and got to looking so much better and my color came back so well that my wife remarked about it."

"Meritone gave me a fine appetite, too. I feel mighty hungry when I get home from work now and can eat anything."

"I've been bothered with constipation for years also and the one bottle of Meritone which I have just finished has relieved it."

If you have had influenza or pneumonia, and are all run down and weak as a result, get Meritone, the tonic of real merit. Meritone is also recommended for disorders of the system such as stomach, liver and kidney troubles, catarrhal complaints and indigestion.

You can get Meritone at Perry and

Suffrage Beaten In Senate Again

(By Associated Press)
Washington, Feb. 10.—Bulletin.—Woman suffrage by federal constitutional amendment was beaten again today in the Senate. The House resolution for submission of the amendment failed of adoption by 55 votes in favor of it, and 29 against, one less than the necessary two-thirds.

Thus ended what leading suffragist champions had said in advance would be the final test at this session of Congress. The suffragist advocates went into the test knowing they lacked one vote but hoped to the last it would be won over. Those voting against the resolution included Senator Beckham, of Kentucky. His colleague, Senator G. P. Martin, was paired.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstoping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. FRED WEIKEL FARMS

708 Acres 708

at Public Auction

These Fine Shelby County Farms Will be Sold at Auction on

THURSDAY, FEB. 14th at 9 o'clock sharp

WILL BE SOLD IN FOUR TRACTS

Owing to many other business interests that demand his entire time and attention, the owner of the above farm has entered into a written contract with us whereby we will subdivide and sell at auction ABSOLUTELY WITHOUT RESERVE OR BY-BID, this large estate together with all livestock, feed, farm implements, etc.

LOCATION—This farm is located on Floyd's Fork Creek, about five hundred and fifty (550) acres of which is in Shelby county, the remainder lies just across the creek in Oldham county, and is about 20 miles east of Louisville and 15 miles northwest of Shelbyville on the Shelbyville and Crestwood pike, in a splendid neighborhood, near schools and churches. It is four miles from Crestwood on the main line of the L. & N. and Lagrange division of the Louisville and Interurban also about the same distance from the Shelbyville Interurban at Eastwood.

STATE OF CULTIVATION—For the past ten years, this farm has been used as a large live stock raising and feeding establishment. A very large amount of feed having been fed on this farm every year, all of which was given back to the soil, with over a thousand tons of limestone having been spread over same. Besides the farm has been kept thoroughly clovered (several hundred tons of hay now in barn), which fact makes this farm ready to produce fine crops of anything you care to raise.

HOW DIVIDED—Farm will be offered in four tracts, each sold separately and in a group and then as a whole and the best bid or bids will be accepted. All of the tracts are well fenced and watered and improved.

TRACT NO. 1—Contains 141.68 acres and fronts one half mile on the Shelbyville and Crestwood pike, is strictly first class land, contains about fifty acres of Floyd's Fork bottom land that will grow 75 bushels of corn per acre, and any other crop you care to grow. Improvements consist of a two-story brick residence of eight rooms, a large stock barn, double corn crib, machine shed and all necessary outbuildings.

TRACT NO. 2—Contains 210.11 acres, with a very long pike frontage, land lies perfectly, is productive, under good fence and well watered. Improvements consist of one tenant house and a very large new stock barn.

TRACT NO. 3—Contains 308.39 acres, practically all of which is in blue grass, orchard grass and wheat. This is fine productive soil, is just ready to give the best results in the way of crops and is well adapted to corn, wheat and tobacco. Improvements consist of a two-story residence of eight rooms, 3 good barns, all other necessary outbuildings and tenant house. This tract is abundantly watered, under good fence, and the purchaser who buys it will make a lot of money in the near future.

TRACT NO. 4—Contains 48.56 acres of very fine productive soil, a large amount of which is first class tobacco land, a large portion of this tract being in blue grass and is just right for cultivation. Improvements consist of a nice cottage of 3 rooms. This tract will make someone a nice little home, as it is a very desirable location, facing the pike for quite a distance.

Also All Live Stock, Crops, Implements and Tools

We will sell the following personalty consisting of 44 head of pure bred registered and eligible for registry Angus cattle; among them are some very fine cows, heifers, and calves; also 2 very fine Angus bulls; 26 900-pound grade steers, good ones; will be sold in small lots; 3 fine Jersey cows, will be fresh in spring; 100 good breeding ewes, due to lamb in March; 3 brood mares; 3 work mules, from 5 to 8 years old 35 stock hogs that will weigh about 100 pounds, will be sold in small lots; 1 sow and six pigs; 1 saddle pony.

FARMING IMPLEMENTS—Of every description including Blizzard Cutters, Gasoline Engines, etc.

TERMS—Very liberal and made known on day of sale.

JUST A WORD—In offering to the buying public these several tracts of land and the above personalty under the conditions as heretofore stated, whereby you absolutely know that you are buying at your own price, we certainly feel that we deserve your co-operation and support.

TIME OF SALE—Owing to the magnitude of this sale we will be compelled to begin with the personalty promptly at 9 o'clock SHARP. The real estate will be sold promptly at 1 o'clock. Be on hand early and avail yourself of the opportunity of getting the early bargains.

INSPECTION OF LAND INVITED—We will be glad to show these farms to interested parties. Either call on the undersigned or our representative, Richard Radcliffe, at Shelbyville, who will take you over the farms.

AUCTIONEERS—COLS. J. T. COWHERD & SON, OF SHELBYVILLE, AND SAM TAYLOR, OF CRESTWOOD.

Robert Powell in Russia

Mrs. Annie H. Powell has just received an interesting letter from her son, Robert Powell, who is with the American Russian Expedition. This is the first letter the home folks have had since last August and naturally all his friends and loved ones were delighted to hear from him. He writes:

American North Russian Expeditionary Forces, October 17, 1918.

Dear Mother—I will drop you a few lines to let you know that I am well and getting along fine and don't worry about me for I don't think it will be very long until I will be back home. Tell all the people hello for me. When you write don't write nothing to worry me; always write something to cheer me. Well I will close for this time. Good bye, your son,

Coroner Holds Inquest Over Body of Baby

The remains of the boy baby which were discovered near a culvert on the Lexington pike, Friday, were brought to town late Saturday by Deputy Sheriff Sant Bush. They were taken to Neale Bennett's undertaking establishment where Coroner Tate empaneled a jury and held an inquest Sunday morning. The jury brought in the following verdict:

We, the undersigned jury, find that the deceased body before us to be that of an unknown infant, found on a roadside about four miles from Richmond, Ky., on the Lexington pike; and said body was placed there by unknown hands to the jury; this the 9th day of February, 1919.—D. T. Ferrill, Robert C. White, W. H. Park, J. C. Taylor, Hardin P. Smith, Fred Brandenburg, P. A. Tate, Coroner of Madison county; witness Sid Rowlett.

Coroner Tate says that he has obtained several clues and believes that he has an excellent chance to discover the identity of the parties who placed the baby's body on the road. The little body was buried in potter's field.

Selected At Random

Names of those chosen to receive the free theatre tickets are selected at random from the population of this vicinity.

A great many people have made inquiry as to how the free tickets to the Alhambra and Opera House given away by the Daily Register are disposed of. For the benefit of our readers we will state that the names of those to whom tickets are awarded always selected at random from the population of this vicinity. There is no definite selection of names and no favors are shown. The reader is just as likely to be the next one selected for the favor as any one else. If you are, it means a pleasant evening for you.

The only requirement the Daily Register makes is that the person receiving the invitation shall cut out the printed notice from this paper and present same at the box office of the Alhambra or Opera House on the day designated. These notices will be found scattered among the classified ads.
